

Indian Institute of
Information Technology
Kottayam

CLC Lab

The CLC Lab (Culture–Language–Life and Computing Lab) is a research group in the Department of Computer Science and Engineering at the Indian Institute of Information Technology Kottayam. The lab brings together faculty members, research scholars, and students who are interested in exploring interdisciplinary research at the intersection of computing, culture, language, and life sciences.

Contents of the workshop

- Introduction to graphs
- Graph-level features
- Node Embeddings
- Introduction to Deep Learning
- GNN and GCN
- GAT and GraphSAG
- GAE and other graph variants
- Applications of graphs and GNNs

Hands-on sessions

- Networkx package in python
- Centrality measures,
- Basics of Deep Learning
- PageRank algorithm
- Message passing
- Node classification
- Link prediction using GNN

Participants

- Targeted participants are UG and PG students, Research Scholars, Faculty members of academic institutions and Scientists/ Researchers

Information to the Participants

- Accommodation will be provided for participants upon request on a payment basis
- Lunch and Tea will be provided
- Breakfast and Dinner may be purchased from the campus

Payment

- **Fee – Rs.1800**
- **Last date: 10 May 2026**

Payment Method:

1. Visit SBI Collect: <https://www.onlinesbi.sbi/sbicollect/icollect/home.htm>
2. Select Educational Institute
3. Search for IIIT Kottayam
4. Select Payment category – GNN Workshop
5. Enter the necessary details and make the payment

Visit clc.iiitkottayam.ac.in/gnn-workshop/ for more details !

Five Day Workshop on Graph Neural Networks

25–29 May 2026

**Organized By CLC Lab,
Department of CSE
Indian Institute of Information
Technology, Kottayam**
